

Minor - Microbiology

- A minor must contain at least 9 hours of upper division course work.
- Courses taken to satisfy Core Areas I through V may not be counted as course work in the minor.
- Courses taken in Core Area VI may be counted as course work in the minor.
- Students must earn a "C" (2.0) or higher in required courses.

Program Description:

A minor in Microbiology can add competence in logic, critical analysis, and effective writing to the specialized knowledge offered by your major.

Please note: Some of these courses have prerequisites that are not part of the minor. It is your responsibility to make sure that you have met all the prerequisites needed in order to sign up for the minor courses.
