ASM STUDENT ACTIVITIES

The ASM officers have been hard at work preparing for a full semester of meetings and activities at UGA:

Hear the President, Chris Zepeda and VP, Alayna Daws chat about the ASM group during the virtual Involvement Fair, 5-7 PM, Thursday, Sept. 3rd. Click the link to join via Zoom.

Check out the next page of this newsletter to view information on monthly meetings, social media and more.

Have you met Yadira yet?

Yadira is our new (and fabulous) Microbiology advisor. For those who have reached 60 hours, you will be scheduling a time to meet with her to register for classes this fall. If you have any Microbiology major questions, don't hesitate to contact her at yadira.castillo25@uga.edu or Dr. Walker at jrswalk@uga.edu

Use the DawgCheck app on your phone to check in with your health status this fall semester.
AMERICAN SOCIETY FOR MICROBIOLOGY

UGA Chapter

The goal of ASM is to provide passionate science students with an outlet to connect with others and learn new topics in the field of microbiology. This organization is an opportunity for students to grow professionally and personally through the club’s events and activities.

Who can join?

Anyone, regardless of major, who’s interested in microbiology can join!

Link to our first meeting, 9/10 at 7pm:

https://zoom.us/j/96415393136
Meeting ID: 964 1539 3136
