

Department of Microbiology

Franklin College of Arts and Sciences

UNIVERSITY OF GEORGIA

Teaching Requirement Waiver Request (1 semester only)

Per Microbiology Graduate Handbook:

“All students in the Graduate Program will teach as part of their graduate education. The minimum requirement is two semesters of graduate teaching OR one semester of teaching and one approved professional development experience. The student's advisory committee and the graduate coordinator must approve any professional development experience used to meet this requirement.”

- **Professional Development is expected to be equivalent to a TA-ship in time and effort.**
- Complete the form below to request credit for professional development in lieu of 1 semester of teaching.
